I finally can explain why Majora's Mask is the only good Zelda game & it's something I've known since I was like 7 but could never explain.

It takes place outside of "Hyrule" -- in "Termina"-- which is the "End of the World"-
- it takes place in the Telos of the story in Ocarina of Time-- & "Skull Kid" is you--
the player-- who was possessed by Majora in playing Ocarina of Time. Ganondorf is
absent in MM.

What you realize is that the Game's Directive was Majora's Mask-- you were
possessed by it-- & the Game Majora's Mask is you coming to this realization &
returning Termina to its state before you put on Majora's Mask-- it's very Prospero
like in its ending.

The Mask Salesman is "Absolute Spirit" in Majora's Mask-- & it should be called
"The Legend of Skull Kid"-- because Skull Kid is Zelda in Majora's Mask-- do you
see???

See? It was just you playing with Majora's Mask (Majora's Mask is "playing as Link
in the Legend of Zelda")-- you recognize that this is merely an image, an idol. That
is the final scene of the game.

You really complete the game by trading in the entirety of the "images of
souls"/masks you have found for the fierce deity mask which represents Absolute
Self-Consciousness to sublate Majora's Mask (Subjective Spirit)-- very beautiful
game!

Majora's Mask is the Anti-Zelda game-- it is the only good Zelda game because
Zelda games are bad games.

"You shouldn't have played Ocarina of Time"

It would have been super epic if the Fierce Deity mask was Ganondorf's Face though tbh that would have perfected it.
