Oh - well make sure he knows you only need one piece of that puzzle - either start or finish date...both of course would be good. according to her she was a spa attendant (cleaner) however she was dressed in full spa outfit like all the girls working there and I actually think she was behind the counter when I met her

I thought you said not to involve Donald- anyway so now the die is cast – you now have to get her employment record – It will either show she started work in 1999 or 2000 as she was full time there and I believe you cannot be a minor and work full time anywhere so she had to be at least 16 to be in full time employment. Perhaps start that way – that alone would kill her allegation that she was 15 – as I said you cant work full time anywhere at that age..either that or she gave fake ID to [REDACTED] which is also possible..however – lets see if you get the info..and please confirm the labour law
